

EMW LAW

PROBATE FEE SCHEDULE

The firm uses a bundled, flat fee billing structure to construct attorney fees for certain matters. We charge a flat fee for every event or action in the case and gather them together in bundled packages of services charged as flat fees for the different stages of the matter. Clients will be required to pay an initial flat fee with expenses included before we start work on their case. Additional fees may need to be paid at different stages of the engagement.

The schedule of fees listed below reflects the legal fees due for each stage of a case, and is current as of February 12, 2025. Not all fees will be incurred in every case, and you will only be charged for those services rendered. All fees are due when invoiced.
